ANTI-TREATING LAW.

ANTI-TREATING LAW.

The first bill affecting the liquor traffic to be reported yesterday was the Pope measure, which is the anti-treating bill. The majority of the committee opposed the passage of the bill, while the minority were in favor of it. The bill makes it unlawful for one person to treat another to any kind of a drink of liquor whatsoever, and is intended to do away with a pernicious practise said to be responsible for much of what is objectionable in the liquor traffic, although purely a makeshift measure in the way of regulation.

CANNON BILL AGAIN.

The third measure is the latest effort of Mr. Cannon, which is practically a rejuvenation of H. B. No. 37, known as the Connon bill, which was passed almost unanimously by the house and defeated in the senate. The measure as resubmitted, provides for the prohibition of the liquor traffic absolutely, with an amendment providing for county dispensaries and the further amendment submitting the question to a vote of the people next June and in vote of the people next June and in e event of the adoption of the

It is conceded that the fate of the first two of these bills is a question only of the size of the majority voting against them but the Cannon amended measure will cause considerable debate, some of the members favoring no action whatever on any prohibition bill pending the disposition of the Badger bill in the senate.

When the governor's message was read in the house yesterday an attempt was made to have an endorsement of the message go into the record. This action was opposed, however, and a vote sustained the opposition. Another motion was made that a committee of three be appointed to take up the recommendations of the governor and submit a report at once. Mr. McMillin favoring such action. Mr. Cannon objected, contending that there was nothing before the house. Mr. Russell took a hand and said there was plenty before the house. Mr. Archibald said he had been in favor of absolute prohibition, but his plan had been killed; he now favored some plan which should be favored by the senate, the house and the governor. He said a bill should be drafted in line with the recommendations of the governor. Mr. Thompson opposed the motion to appoint a special committee, saying the measures would be reported upon in the same way and no tinfe would be gained. The speaker put the motion and II members stood in favor of it, the balance voting no, and the motion to appoint was declared lost.

Dread Malady Heads the Death List in Salt Lake City.

For the first two months of this year, the death rate in Salt Lake has shown a remarkable decrease, as compared to the corresponding period of last year, according to the report of the city board of health issued yesterday. There were only 92 deaths for the month just ended as against 115 deaths for the same month of 1908, while in January there were 96 deaths as against 123 deaths for the same mo

against 123 deaths for the same month last year. This gives an average death rate per thousand of .78 per cent.
Out of \$5 cases of smallpox no deaths were reported. Pneumonia led, however, with 12 deaths, the largest number of victims. There were 11 deaths from violence, six of them being suicides. Eight persons died of old age, 16 from organic heart disease and 10 from cancer. Most of the deaths were between the ages of 25 and 45 years. Three were 147 births, 72 males and 75 females. For the same period there were 163 marriages. The following statistics were reported by the sanitary department.

ECHO OF BANK SCANDAL.

Joseph Nelson and Associates Win Jordan State Bank Election.

Considerable interest centered in the annual meeting of the stockholders of annual meeting of the stockholders of the Jordan State bank, which was held yesterday afternoon, because of the well known division among some of the directors. The board has been divided into two factions for some time past, ever since the robbery of the Utah National bank of this city, which was the depository of the Jordan State bank. What is known as the Bingham interests have been opposed to Joseph Neison and associates, who have been to control. This feeling schowed itself at the meeting yesterday, which hasted several hours.

There were present, Joseph Nelson, A. W. Nelson and Ashby Snow, J. W. W. Fitzgerald, W. S. Diamond, William Aylett, Heber Aylett and John A. Eghert. The meeting resulted in the election of four directors by the Bingham Junction crowd. Those representing the Nelson interests are: O. C. Beebe, Henry T. McEwan, Ashby Snow and C. S. Burton, J. W. W.
